RFC Under Jesse Jones Was Free of Greed and Graft

There are many demands for the repeal of RFC, Reconstruction Finance Corporation. This agency has sunk to a new low because of greed and graft which have been exposed in governmental circles.

RFC served the nation well when it was first established and in the hands of capable men. A little history might serve to enlighten some of our readers on RFC and what it has done.

When President Roosevelt proposed the bill and pushed it through Congress, he wrote to Vice President John Garner asking for the names of three capable men to run RFC. Garner replied by submitting the name of Jesse Jones of Houston. Roosevelt fired back a letter calling the attention of Garner to the fact that he asked for three names. Garner replied by writing the name of Jesse Jones three times. Jones was his one and only recommendation for the job. Fortunately Roosevelt took this advice and placed Jesse Jones at the head of this great money lending organization. It was virtually a one man institution under Jesse Jones, who loaned government funds for the billions of dollars.

Let it be remembered that under the direction of Jesse Jones the government lost on very few loans, and ended up the public career of Jesse Jones with a huge surplus, collected on interest. The agency served the people of the nation well. There were no 5%ers getting a whack at government funds under Jesse Jones.

Jesse Jones was a great success because he was accustomed to handling millions of dollars, his own money. He handled the government's money just as carefully as he handled his own money and from which he built a fortune.

RFC should not be abolished because of the present discredit of the men Truman has placed in charge of government lending. RFC should be cleaned up, but so far the President shows no disposition to clean house of the fellows he has appointed to this powerful agency.

Free Conference Bill Will Be Written by the Economy Block

In slightly more than 50 minutes the Texas Senate passed an appropriations bill Wednesday calling for Texas to spend approximately \$169,000,000 for the coming two years. This amount is about 10 million more than the appropriations bill which is pending in the House of Representatives.

It was taken for granted that the House would not accept the Senate bill, and certain that the Senate would not accept the House bill, therefore a "free conference" will be held on the bill. This free conference will be composed of six "economy minded" Senators and Representatives, and four liberal men from the two branches. This means that state employees have need to hold their hats and pray that their jobs will be safe for another two years.

Free conference committees have all of the power in the world. They may add to or deduct from the original bills. For example, Texas legalized horse race gambling a few years ago when this law was written into an appropriations bill for the Department of Agriculture. Anything can happen when such a bill is being prepared and passed.

Some very unnecessary and unreasonable amendments have been tacked onto the educational bill, which will greatly handicap the operation of the colleges if they are allowed to remain. The legislators know of these riders, and some of them may be eliminated by the free conference. However, with the prevailing feeling in Austin that the educational institutions are such an unworthy bunch, anything may happen.

Education was looked upon as a very respectable job before the present legislature took charge of the affairs of Texas. The present group of law makers are seeking to discredit the work of the colleges and universities throughout the past years.

Will it succeed? We hope not.

National Uncertainty Could Be Cleaned Up By President

If President Truman misses the political boat and is shoved back into Missouri politics, it will be his own fault.

The President has appointed too many inefficient men to places of trust. These men may not have been crooks, as some people seem to believe, but at least they have not been discreet in their actions.

They have fallen for the whims of those with whom they have been doing business. The unfortunate part of the situation is the insistence of the President that his appointees can do no wrong. He has defended them in their actions and defied Congress to investigate their acts.

Truman is the product of the Pendergast machine politics of Kansas City. He should forget the olden days when the predominant feature was "To the victor belongs the spoils."

The United States of America should be above the "spoils" system. There are enough headaches connected with the government that the President should not invite criticism of any system which it invites through the appointment of inefficient office holders. The daily press and the air waves are full of all of the conflicting evidence on these matters.

Truman has few real friends left among the American people. He could do much toward restoring confidence in his ability to be President if he would clean house and keep the government free of graft.

Larry Parks Sticks Knife in Back of Those Who Feed Him

Larry Parks, the movie star who doubled for Al Jolson, said that he was once a commie. He was deceived, so he said.

If you ask us, he is simply a blanky, blank fool who reads the answers from the commie book to explain why he was a commie.

Americans paid out millions of dollars to make Larry Parks. He returns this gratitude by stabbing this country in the back. He should be treated as a commie, with a good application of the toe of our boot.

We are always glad when we reach the bottom of page five of this type-written material. That's what it takes to fill these two columns, plus a liberal sprinkling of "shorts" which are more or less personal remarks.

We Now Have Too Many Men Under Arms to Fit the Law

Maybe old Joe Stalin was surprised, and maybe he smiled. We have no more than a guess as to his expression. He was no more surprised than we when we read the other day that we have more men in the armed forces than are provided for by law. The course is, naturally, to discharge a bunch of them in order not to be law breakers.

This is the first time that we have realized that Washington, perhaps, read the laws which were passed and tried to obey them. The fair (?) deal supreme court has not yet said that Washington should obey the laws of Congress.

Here we are, with as many men under arms as President Truman said a few days previously that we would have in two or three more years. Somebody in Washington should take the time to count noses in our armed forces before drastic steps are taken to increase our armed forces.

We have been telling the world, old Joe in particular, what we were going to be ready to do to Russia if and when we were attacked in about two more years. We have never said what we could do if Joe became trigger happy and threatened to whip us some bright morning before that time.

We have been advised that the air corps has been hogging the armed forces, that college men have been threatened and cajoled into joining up before they were drafted; that things are in about as big a mess as they were following Pearl Harbor.

This naturally pleases old Joe.

We just hope that he will not strike until we really get good and ready. By that time he may decide that we are too tough for him.

Editorials Are Not Published by Many Weekly Newspapers

It seems that *The Canyon News* has another reader of this page.

H. M. Baggarly of the *Tulsa Herald* reports that he looked over twenty exchanges last week and found that *The Canyon News* was the only one which published original editorials. A lot of "canned" material was published as editorial matter.

Thanks, Mr. *Tulsa Herald*, we appreciate the fact that you read this page. As we strive week after week to make this an interesting feature of this great religious weekly, we often ponder as to the real worth of this undertaking. Some weeks the stuff just naturally comes easily and quickly. Other weeks it is a struggle to find interesting material.

Frankly we are disappointed that so many weekly publishers take no interest or pride in their editorials. For years we read more than 75 Panhandle newspapers week after week, trying to gather newspaper material. Those papers which have enterprising and readable columns written by the publisher, have less need for editorials than those who never carry an editorial expression.

We have always believed that the reader wanted to know what the newspaper man thinks. They have a right to disagree with his views, but after all he is entitled to his say. We shall continue saying our piece, regardless of what others may think.

Stray Chickens and Dogs Are a Menace to Beauty of City

This is our annual warning: Keep your dogs and chickens at home or have them killed!

We have been pleading with Canyon citizens for about 40 years to do this very thing. Have they paid us any heed? No indeed! Dogs and chickens still run at large unless their owners will that they be kept at home.

You cannot expect citizens to spend a lot of money beautifying the town, only to have their trees, shrubs and flowers destroyed by some worthless hound or chicken.

If there is proper cooperation, Canyon will be the most beautiful town in Texas this year, but it certainly can not be very beautiful if the dogs and chickens take over and destroy the results of these civic minded citizens.

Let's cooperate this year.

The current revelations in Washington do not increase confidence in our government; those responsible may be doing more for Communism than the spies that are roundly denounced and prosecuted.

Incidentally, the government hasn't lost any money on its program to lend farm laborers and tenant farmers the money with which to buy farms.

This civilized country, where people worry about the snakes that bite the people of India, kills about one hundred persons daily on its highways.

In deference to what has happened recently in Korea we doubt if the Chinese Communists think that American fighting men are effete.

If "influence" is being peddled in Washington, the practice should be exposed, whether the salesmen are officials or Congressmen.

If you think the price of vegetables is too high there is nothing to prevent you from planting a garden and raising your own.

This may be a good time to pay your debts, but, if you have any surplus money, it is a good time to buy something.

High prices makes war exorbitant: A big bomber, which cost \$629,000 when the war ended, now costs \$3,500,000.

The reasons men in public office play politics is that men and women, who vote, expect them to play politics.

It won't be long now before it will be too late for the Russians to begin a war with any prospect of success.

Speeding automobiles kill a number of people, including a good many drivers of speeding automobiles.

In this day and generation there is so much information that one finds it difficult to select what to believe.

He who toots his own horn soon has everybody dodging him.

EXPRESS RATES.

The Railway Express Agency has asked the Interstate Commerce Commission for increases on everything it handles, ranging in some cases up to 100 per cent, except on daily newspapers, milk and cream. For first class shipments the agency asked an increase of 57 cents per 100 pounds, with a minimum charge of \$2. On less than carload commodity rates — applying generally to bulk items, the agency requested a blanket 25 per cent increase.

DEFENSE BUILDING.

Plans for military construction for this year call for expenditures of at least \$2,400,000,000 and maybe more, according to Maj. Gen. Lewis A. Pick, chief of Army engineers. He said 1951 building includes cantonments, airfields, research and development facilities, a global communications system, and a radar "fence."

COST-OF-LIVING.

For the first time since September, the high cost of living has shown an evidence of a decline. The prices of some food, notably meat, have been reduced somewhat. Consumer-resistance to the higher priced cuts of meats was stiff enough to drop dollar volume in retail stores.

Thomas E. Dewey, Governor of New York: "Europe must be held at practically all cost."

George D. Aiken, U. S. Senator from Vermont: "When farm prosperity takes a nose-dive, the rest of the economy follows fast."

Douglas MacArthur, General, U. S. Army: "It (Communism) can only gain and hold power through terrorism, subversion and deceit."

Homer Byington, Jr., director, State Department Office of Western European Affairs: "Moscow is losing the battle to take over Western Europe by boring from within."

Buffalo Gals and Guys Lose Out in National AAU Tourney

WT's entrants in the National A. A. U. Tournaments broke even in their first two games in their respective sections of the national basketball events. The girls' sextet, playing under the colors of "K Service Station" of Canyon, won their first game of the tournament on Sunday afternoon from the favored Omaha, Nebraska Commercial Exchange by the narrow margin of one field goal, 27-25. However, they were eliminated in their second outting by the Tennessee Highway Patrol team, 41-10. The Canyon gals, all WT students, were the surprise of the Dallas tournament in their first outting when a last minute lay-up shot by Lila Robason provided the winning margin. Lila's sister, Wanda, was high scorer for the tilt with ten points.

In the National men's tournament at Denver the Buff basketballers, playing for Graham-Hoeme Plow company of Amarillo, won their first game, but lost their second. The Plowboys polished off the Provo,

Utah Jaycees Sunday afternoon, 50-45. Troy Burrus, of the Buff freshmen squad was high point man in this first game.

In their second the Graham-Hoeme team almost knocked off the highly-rated Stewart Chevrolet of San Francisco Tuesday night. The Amarillo team shot to a 31-25 half-time lead and frightened the wits out of the veteran Californians before they faded in the second half. Rallying after intermission, San Francisco tied the count at 35 all after two minutes of play and were in front 45-41 after eight minutes.

Mose Hale, who had flown to Denver the afternoon before the game, and Austell Burrus turned in spectacular games for the Plowmen, but every one of the Buff and Wayland players hustled all the way and were the sentimental favorites of the fans. High man for the Plowboys in the final game were Austell Burrus and Bill Price, who also had been flown to Denver for this game. Each scored 12 points and were followed closely by Harold Robinson and Ed Billings of the Wayland Pioneers, with 9 and 7 points respectively.

Potent Colorado Tennis Team Beats West Texas in Matches Played Here

Despite freezing weather and disastrous results for the home team, tennis fans of West Texas were treated to an outstanding exhibition of tennis skill Saturday morning, March 17. The Buffalo netters, although they came out on the short end of the score 9-0, made a formidable showing against the fine tennis team from the University of Colorado.

The outstanding match of the

day pitted Paul Thompson, number one man of the Buff team, against Peter Arendrup, winner of last year's Bi Seven singles title. Thompson battled very well before bowing to the big Dane 6-0 and 6-3. Arendrup showed fine form, featuring a smashing backhand and a cannonball service.

Don Myers showed up very well against Anil Yagnic, exchange student from India, in another singles match. Yagnic had perhaps the best form of the Colorado team. However, his small size handicapped his play.

In other singles matches Bob Acell of UC defeated Dub Clement in straight sets 6-1 and 6-2. Don Hilgers polished off WT's Al Clark 6-2 and 6-4. Scott Smith beat Joe Davis 6-0, 6-1, and William Shiffman of Colorado outlasted Bill Boston 7-5 and 6-1.

In the doubles competition Arendrup and Smith teamed to trim Thompson and Davis of the Buff squad 6-0 and 6-1. Bill Boston and Al Clark fared little better, losing to Shiffman and Hilgers 6-0, 6-4. In the last of the doubles matches Yagnic and Acell beat Myers and Clement 6-1 and 6-2.

Commenting on his teams' show-in against the Colorado squad, Coach Roger Whealy said, "They played as well as could be expected." Coach Whealy also went so far as to predict that the well-balanced group from Colorado would win the Big Seven Tennis championship this season.

THE STATE OF TEXAS:

COUNTY OF RANDALL:

CITY OF CANYON:

TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF CANYON, TEXAS, WHO OWN TAXABLE PROPERTY INSIDE CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Canyon, Texas, on the 6th day of April, 1951, on the propositions and at the place more particularly set forth in the resolution adopted by the Board

of Commissioners on the 17th day of March, 1951, ordering said election which is as follows:

"A RESOLUTION

BY THE BOARD OF COMMISSIONERS OF THE CITY OF CANYON, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF \$35,000.00 STREET BONDS; \$15,000.00 WATERWORKS SYSTEM BONDS; AND \$10,000.00 SEWER SYSTEM BONDS.

WHEREAS, the Board of Commissioners of the City of Canyon, Texas, deems it advisable to issue the bonds of said City for the purposes hereinafter stated:

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF CANYON, TEXAS:

1. That an election be held in said City of Canyon, Texas, on the 6th day of April, 1951, at which election the following propositions shall be submitted:

"Shall the Board of Commissioners of the City of Canyon, Texas, be authorized to issue the bonds of said City in the sum of Thirty Five Thousand (\$35,000.00) Dollars, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Twenty (20) years from their date, and bearing interest at a rate not to exceed Two and three-fourths (2-3/4%) per cent per annum and to levy a tax sufficient to pay the interest as it accrues and principal as it matures on said issue of bonds, for the purpose of improving the streets within said City, as authorized by the Constitution and laws of the State of Texas."

"Shall the Board of Commissioners of the City of Canyon, Texas, be authorized to issue the bonds of said City in the sum of Fifteen Thousand (\$15,000.00) Dollars, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Twenty (20) years from their date, and bearing interest at a rate not to exceed Two and three-fourths (2-3/4%) per cent per annum and to levy a tax sufficient to pay the interest as it accrues and principal as it matures on said issue of bonds, for the purpose of improving and extending the Waterworks System of said City, as authorized by the Constitution and laws of the State of Texas."

"Shall the Board of Commissioners of the City of Canyon, Texas, be authorized to issue the bonds of said City in the sum of Ten Thousand (\$10,000.00) Dollars, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Twenty (20) years from their date, and bearing interest at a rate not to exceed Two and three-fourths (2-3/4%) per cent per annum, and to levy a tax sufficient to pay the interest as it accrues and principal as it matures on said issue of bonds, for the purpose of improving and extending the Sewer System of said City, as authorized by the Constitution and laws of the State of Texas."

2. That said election shall be held at the City Hall within said City, and the following named persons are hereby appointed directors of said election, to-wit:

Mr. J. W. Shook, Presiding Judge, Mr. Jack Haley, Judge, Mrs. C. O. Elkins, Clerk, Mrs. T. H. Knighton, Clerk.

3. The said election shall be held under the provisions of Chapter 1, Title 22 of the Revised Civil Statutes of 1925, as amended, and only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote.

4. The ballots for said election shall have written or printed thereon the following:

PROPOSITION NO. 1

"FOR THE ISSUANCE OF STREET IMPROVEMENT BONDS"

PROPOSITION NO. 2

"FOR THE ISSUANCE OF WATERWORKS SYSTEM IMPROVEMENT AND EXTENSION BONDS"

PROPOSITION NO. 3

"FOR THE ISSUANCE OF SEWER SYSTEM IMPROVEMENT AND EXTENSION BONDS"

"AGAINST THE ISSUANCE OF SEWER SYSTEM IMPROVEMENT AND EXTENSION BONDS"

Each voter shall mark out with black ink or black pencil one of the above expressions, on each proposition, thus leaving the other as indicating his vote on such proposition.

5. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Clerk shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended. The Mayor is authorized and directed to have a copy of said notice posted at the City Hall and at two other public places within said City not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.

ADOPTED AND APPROVED this 17th day of March, 1951.

A. L. WALSH, Mayor, City of Canyon, Texas.

Defense Lines

No country on earth dislikes to produce weapons of war more than America.

But no country on earth can do the job as swiftly and expertly as America—when she has to.

One of the reasons we can out-produce any other nation is our telephone system—the biggest and best in the world.

Here in Texas millions of telephone calls tie our defense efforts together. Ideas, proposals, decisions, orders, instructions and information flash over telephone wires—and production lines move full speed ahead.

It is our job at the telephone company to meet these responsibilities. We will do so, as we have tried to meet all our service obligations—with all the skill and financial strength at our command.

Public Debts and Number of Employees Are on Increase

John Q. Public, a guy who ought to be vitally concerned, rarely takes the trouble to brood over the mathematical figures of government which the newspapers print from time to time.

Perhaps, in the immortal words of a very successful politician, it was all "planned that way." For governmental mathematics are so huge and bewildering that John Q. is unable to translate them into realities or into practical applications. Such a situation, of course, is just what a good many politicians like.

Yet John does have a sort of uneasy feeling about "government spending," and he surely ought to have because John's standard of living (and even his destiny) is tangled up in those figures.

Let's translate a couple of them to show how.

As of last October, civilian employees of the local, state, and Federal governments of the United States numbered 6,402,000. At the same time, there were 55,400,000 Americans in private jobs. Thus, simple division shows that John and eight of his working neighbors are paying the wages of one of those government workers.

As of last June 30, the Federal government owed debts of \$281,000,000,000, the state governments \$5,323,000,000, and local governments \$18,324,000,000. Translated, that means that John is himself in debt for \$1,865 — and so is every other member of his family. Furthermore, those governments are going to collect from John and his family, come what may.

A great number of those employees were put on government payrolls, and a large part of those debts were made, because John (who is nobody but you and me) asked our governments for more and better services and benefits.

When translated, however, they just don't look so tempting anymore.

Mrs. Olin Huff, Patricia Jane and Charlotte Ann of Wichita Falls returned home Monday after spending the Easter week-end in the parental Pat Baber home.

Mrs. Roy Allard and Mrs. Dean Allard of Silverton, nieces of Mrs. Tucker, called in the W. E. Tucker home over the week-end.

Ted Perkins, student at A & M, arrived last Friday morning to spend the Easter holidays with his parents, Mr. and Mrs. E. E. Perkins.

Shirley, Gwendolyn, Harold, and Clifton Jr. Newberry attended an Easter egg hunt given by Mrs. Dick Guetersloh in Amarillo Sunday.

Miss Ruth Sharpley, a student at Wayland College, Plainview, visited in the Jay Prichard home during the week-end.

Mr. and Mrs. O. L. Ledford and family have moved to Amarillo to make their home.

Max Bellah was home from his work in the University of Texas for the Easter holidays.

Mr. and Mrs. Marvin Fite visited his brother Mr. and Mrs. Elmer E. Fite and family in Borger Sunday.

Miss Joyce Carter of Amarillo spent the week-end in the parental Jim Carter home.

Eugene and Bill Boston visited in McLean over the week-end.

ABSOLUTELY RIGHT

The preacher came along and wrote on a fence: "I pray for all."

The lawyer wrote underneath: "I plead for all."

The doctor added: "I prescribe for all."

The plain citizen wrote: "I pay for all."

"CLASS HATRED"

Lecturing his son who had been avoiding school, the father asked sternly, "What do you mean by playing truant? What makes you stay away from school?"

Replied the son, "Class hatred, father."

HAPPENED RECENTLY

"My wife spends too much, nags me constantly, is very untidy, and doesn't understand me!"

"Really? When did you meet this other woman?"

ANY BETTER ANSWER?

"I've never heard a man talk so fast in my life."

"Why shouldn't he? His father was a tobacco auctioneer and his mother was a woman."

SILVER LINING

For today's infant, life is safer in countless ways. For example, with \$10 worth of groceries at present prices, it is well nigh impossible to smother the babe in its go-cart.

Love taught him shame; and shame, with love at strife, Soon taught the sweet civilities of life. — Dryden.

The Canyon News goes into the homes where it is invited, and read by all members of the family. Classified ads pay.

Here is the overall business picture of the RFC operations to June 30, 1950: Number of loans, 600,000; amount loaned, 21 billion dollars; average loan, 35 thousand dollars; overall loss on bad loans, 200 million dollars; gross profit, one billion, four hundred thousand dollars; net profit after all operating costs, interest and other expenses, 580 million dollars; dividends paid to U. S. Treasury, 325 million dollars; portion of net profits now being used in loan fund, 255 million dollars. The original stock issue, which is all held by the U. S. Treasury was 100 million dollars. This overall picture reflects a loss experience of less than one per cent on the total amount loaned. There is a definite move on foot by Eastern capital and an Eastern Republican bloc to abolish the RFC. RFC has made loans in Texas and the Southwest that have helped in industrializing Texas. Many of these loans could not be handled by banks. Some were handled partially by banks and partially by RFC. If it had not been for the RFC, the money for these industrial projects in our section of the country could not have been obtained. This same situation is true across the entire South. If the RFC is abolished, industrialization of Texas and the South will be seriously damaged. Any skulduggery, chicanery, immorality or illegality in the operation of this corporation should be fully aired, and the parties responsible or connected with shady transactions should be punished. The same rule is true as to all other government departments, from the national level to the local, whether the offense be immoral or illegal.

PRICE CONTROLS: The price control situation is definitely due for an overhaul and a streamlining. It would be humanly impossible for the Economic Stabilization Agency as now operating to properly examine the forms and figures that businessmen are being called upon to compile and file. I do not want to see any increase in federal employees except in vital defense projects. Businessmen already have enough forms to fill out without being called upon for more.

PEACE CRUSADE: The Capitol was swarming with self-professed peace crusaders. It was a conglomerate mixture of all races and colors, both men and women. They came in on chartered buses, mostly from New York. There were also rumors of a Communist parade at the same time. It was difficult to tell who was for what when you looked at the entire group, but none of it looked good.

REMARKS ON THE FLOOR OF THE HOUSE: "Mr. Speaker, I am placing in the record today a House Concurrent Resolution adopted by the Texas Legislature. It, in effect, says: 'Resolved that the Congress of the United States of America and the President be respectively petitioned and requested to immediately provide an adequate system of defense, including detection devices and aircraft of the latest and most effective type and design to properly guard the State of Texas, particularly the area of belt thereof one hundred miles wide along the coast of the Gulf of Mexico from the Sabine River to the Rio Grande.' I call particular attention to the one hundred mile belt referred to because that belt is adjacent to the tidelands that the Federal Government has stolen from the State of Texas, and it occurs to me that since the Federal Government has stolen these tidelands from Texas, it should be its obligation to defend them as requested in the Resolution. And while defenses are being prepared in this respect, I might further suggest that such defenses be set up on behalf of Texas, not only against Alien enemy attacks, but against further encroachments by the Federal Government."

Mrs. Lenna Pennington and Mr. and Mrs. B. R. Pennington of Winters, Texas, visited in the home of her son and his brother R. V. Pennington over the week-end.

Mrs. J. V. Bostick of Bakersfield, Calif., arrived Monday for a visit with her parents, Mr. and Mrs. B. F. Machen.

Mr. and Mrs. A. H. Hutton spent last week with Dr. and Mrs. Charles Martin in Turkey.

Mrs. Mary Allard of Silverton spent the week-end with her sister Mrs. W. E. Tucker.

WT A Cappella Choir

A Cappella To Sing Eight Concerts During Four-Day Tour of Schools

Concert appearances in eight Panhandle and South Plains cities will be made by the West Texas State A Cappella Choir on their annual tour beginning Tuesday, March 27. Houston Bright, choir director, is taking 38 members on the four-day tour.

Featured on the concert programs to be presented will be the Treble Ensemble and soloists, Juanna Jo Broadway, Panhandle junior, and Donna Erwin, Canyon freshman. Ruth Soll, Canyon sophomore, will be piano accompanist.

Members of the choir will depart by chartered bus Tuesday morning at 6:45 o'clock with an appearance slated in Floydada High at 9 o'clock.

An afternoon performance will be presented at Post High at 1:30 o'clock. The choir will spend Tuesday night at Lamesa.

Seminole High will be the site of the first concert Wednesday morning at 9 o'clock with Tahoka High slated for a 1 o'clock concert that afternoon. The group will stay in Lubbock Wednesday night.

An appearance at Morton High is scheduled for 9:30 o'clock Thursday.

morning and at Levelland High that afternoon at 1 o'clock. Concluding programs will be given Friday, March 30 at Muleshoe High at 11 o'clock and at Hereford High at 2 o'clock.

"In all but two instances, our choir has never appeared in the towns on the tour schedule. Last year we did not appear in Floydada and the choir presented a program in Hereford in 1946," Bright said.

"This tour will give us a chance to display our new choir robes away from the campus for the first time. Also, our new risers will be taken on the road."

Money to buy the new risers was raised by the choir and other voice groups.

Choir members making the 1951 tour are Juanna Jo Broadway, Colline Brown, Barbara Brown, Ruth Crowell, Cathy Cintron, Sheila Malone, Peggy Moore, Dorothy Osburn, Nida Parker, Willa Seymour, Elaine Thompson, Donna Brown, Barbara Dunn.

WT Dance Band Rehearsals Begin

William O. Latson, instructor in Music at West Texas State, announced this week that The Collegians, popular college dance band, would be reactivated.

With 11 instrumentalists and two vocalists, the band has been rehearsing for the past month and will be ready for bookings April 1. Latson, a member of the band while attending West Texas, will direct the group.

"We have chosen a varied repertoire," he said, "and we hope to please most of the people all of the time." On the band's music stands are slow numbers, including waltzes and fox trots, and fast numbers of the Dixieland and jive variety.

Until 1949, when it became inactive, the group had received Panhandle-wide bookings and had played almost weekly for various organizations in Amarillo. It was featured on a weekly program in 1947 and 1948.

Anyone interested in booking the band, Latson said, should either write him at Box 242, Station 1, Canyon, or contact him at the college.

Personnel of the band this year will include Keith Baten, Bruce Cook, Wesley Byers, and Douglas Sweigart, saxophones; Don Craig and John Dament, trumpets; Joe Coleman and Latson, trombones; Dan Stallings, piano; Ray Wells, bass; and John Butler, drums.

Joan Shockley and Joe Coleman will be featured vocalists with the band.

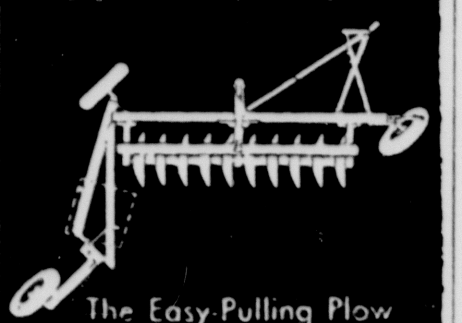

Geography Head To Receive Doctor's Degree On June 10
W. E. McIntyre, head of the geography department, has completed his dissertation on "Hydro-electric Power Development of Niagara Falls."

Mr. McIntyre will receive his Ph.D. degree at the commencement on June 10 from Clark University, Worcester, Massachusetts.

He is now in Chicago attending a meeting of the "Association of American Geographers" being held in the Palmer House. McIntyre will return to the campus tomorrow.

COUNTY-WIDE 4-H MEETING ELECTS ADVISORY GROUP

Saturday afternoon County Agent H. E. Shahan and Home Demonstration Agent Miss Lou Ella Patterson called together representatives from each 4-H club in the county. The purpose of the meeting held in the Council Room of the Court-house was to elect officers for the advisory committee for 4-H activities.

The following officers were elected: chairman, Doyle Bourn; vice-chairman, Jimmie Jennings; secretary-treasurer, Larry Porter; reporter, Janie Jennings; executive committee, Ted Lowe, Laquita Patterson, and Betty Hoffman.

Plans were made for recreation for the coming summer.

An Ordinance of the City of Canyon, repealing any provisions of any previous ordinance that conflicts with the terms and conditions of this ordinance covering plumbing and gas permits in the City of Canyon, prescribing the manner of collecting, defining who is eligible to take such permit, and making it a misdemeanor for failure to comply.

BE IT ORDAINED BY THE CITY OF CANYON:

SECTION I: Pursuant to Article 1076, Vernon's Revised Civil Statutes of Texas of 1925, and in accordance with the Plumbing License Law of 1947 (Article 6243-101, Vernon's Revised Civil Statutes of Texas of 1925) there is hereby enacted an ordinance governing plumbing in the City of Canyon, Texas.

SECTION II: Bonds and Permits.

A. Bond and Indemnity:

(1) Only Master Plumbers who have filed with the City Secretary a bond in the sum of One Thousand (\$1,000) Dollars payable to the order of the City of Canyon, may do or cause to be done any plumbing work in the City of Canyon.

(2) This requirement of a bond may be dispensed with where the owner does his own plumbing and certifies that the property is his homestead.

B. Permits:

(1) Before any plumbing work can be done in the City of Canyon, the Master Plumber must secure a permit from the City Secretary or his assistant who shall have the power to collect for the above mentioned permit at the date of issuance.

(2) The following is a schedule of fees for the issuance of permits:

Tapping Water Main	\$7.50
Tapping Sewer Main	7.50
Sewer Inspection	1.00
First four plumbing fix.	1.50
Each additional plumbing fixture	.50
Gas Inspection	1.00

SECTION III: Legality. Penalty

A. Reservation:

The terms of this ordinance shall not be construed to operate against or upon any plumbing contracts or contract which may have been entered into under the existing ordinances if the performance of such work under such contract has been undertaken and is not finished at the time of taking effect of this ordinance.

B. Validity:

The invalidity of any section or any part thereof of this ordinance shall not affect the validity of the remainder of the section thereof in this ordinance. It is the intent of the City Commission in enacting this ordinance that this ordinance is and shall be considered severable.

C. Penalty:

Any person or persons, firm or corporation violating any of the terms or provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than One (\$1.00) Dollar nor more than Two Hundred (\$200.00) Dollars.

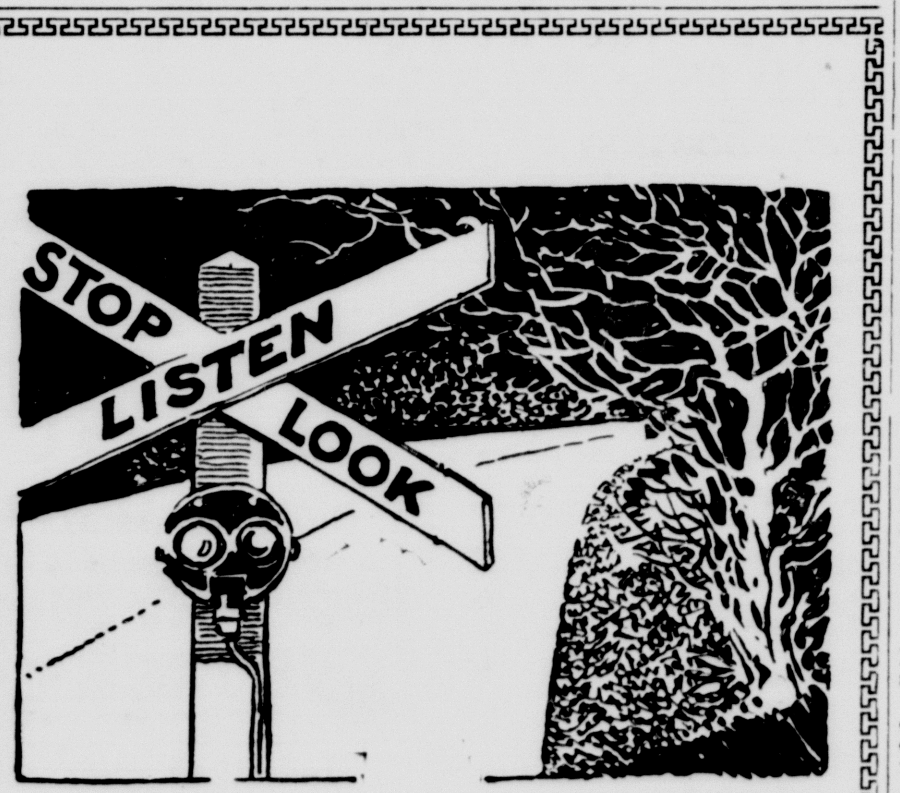

INTRODUCED BEFORE THE CITY COMMISSION OF CANYON, TEXAS at a regular meeting on the 5th day of March, 1951 and finally passed at a regular meeting of the City Commission on the 5th day of March, 1951.

A. L. WALSH, Mayor of the City of Canyon.

ATTEST: C. D. BAYNE, City Secretary.

D. P. Families Make Contribution to Canyon Community

A significant addition to life in Canyon has been made by the Latvian D. P.'s since last Easter. The first family who came from the Displaced Persons camp is the Paegle family. Mr. Eduards Paegle, his wife, Mrs. Alma Paegle, and their son, Rolands, aged thirteen. They were met in New Orleans by a West Texas College Car, driven by Dr. Ples Harper, and were brought to a barracks apartment until the small home back of Stafford Hall could be prepared for occupancy.

At present Mr. Paegle, formerly the head of a boys' private school in Riga, Latvia, is employed on the campus of W. T. Mrs. Paegle is visiting Canyon during the Easter holidays. She is employed in Colorado Springs, Colorado, where she teaches the Russian language to a group of thirty soldiers preparing for ser-

vice in Korea. Various other activities round out her time.

Rolands is a favorite with his ninth grade classmates at Canyon High. He continues his interest in chess, an international game popular in Latvia, but devotes all of his spare time to yard work, where in he is an expert. He has been growing so fast that a goodly number of pounds is pure Texan.

The second family to arrive was Mr. and Mrs. Hegedus, from Hungary. They came to work on the John T. McGehee farm at Wayside, but by mutual and friendly agreement severed the connection and came to Canyon, where for a time they worked at the Neblett Hospital. Mr. Hegedus had been a cabinet maker in Hungary, and soon found congenial and profitable employment in Amarillo with the Southwestern Store Fixture Company. Mrs. Hegedus, who speaks English well, is typing for the Terrell Laboratory. They have repaid their indebtedness for the trip over and have bought a car to expedite their acquaintance with the land

of their adoption. They are in love with America and intend to live here from now on out.

The third couple to come was Mr. and Mrs. Salins, who also came from Latvia. Their coming was sponsored by Dr. Neblett. They are employed happily at the Neblett Hospital. Mr. Salins as a worker on the grounds and his wife as nurses' aid. They are young people and diligent in business, quite happy and contented.

The fourth pair who came are Dr. Alma Snikeris, who was an eye, ear, throat and nose specialist in Riga, and Mrs. Lucija Snikeris, the widow of Dr. Snikeris' brother. Mrs. Snikeris has been a dentist in Riga, but even there she had retired. She does the housework for the two and studies English. She also does beautiful crocheting, as she says do all the women in Latvia.

So here are the nine who have come from the crowded camp at Bremerhaven to find homes in the spacious plains of Texas. They are beginning to call themselves ex-D. P.'s. They are all Protestant Christian people and are thankful to be at peace in a new land.

Jack Sisemore To Preach at Revival

Jack Sisemore of Amarillo will preach in a special week of services for women and girls only at First Baptist Church in Canyon, April 1-8, according to announcement of Pastor Roy L. Johnson. Services will be at 7:30 each night.

The Woman's Missionary Union of the church is sponsoring the services, and the president, Mrs. R. C. Henry, is being assisted by circle and committee chairmen of the organization. Women of the community are invited to share the fellowship and messages of these unique services, which are open to women and girls of all ages.

Mrs. Henry suggests that men and boys be the "baby sitters" at home each night, thus permitting the women and girls to attend the church services.

Mr. and Mrs. E. R. Cleavinger, Dorothy and Nancy, June Jennings, and Roberta Nickelson returned Tuesday from a six-day trip to Biloxi, Miss., Gulf Port and New Orleans. At Biloxi they visited Billy Cleavinger and Don Hickman who are stationed at Keisler Field; both boys have finished basic training and will enter radar school soon. Also they saw Sonny Hamblen.

Rev. and Mrs. M. D. Durham and daughter Marvalyn and Mr. and Mrs. Floyd Montgomery of Bovina were guests of Mr. and Mrs. J. H. McMurray and Ona Mae Saturday.

Alcoholism Is a Disease States Rotary Speaker

Horace Fort of Fort Worth spoke on Alcoholic Anonymous Tuesday at the Rotary Club luncheon, giving a vivid picture of his work in the study of this disease.

Mrs. T. V. Reeves introduced the speaker as an authority on this disease, who had devoted several years with the Yale School of Research on the disease.

Alcoholism has been recognized as a problem for 150 years. It is a public health problem, and is just becoming recognized as such. It is the only disease for which men are sent to jail as a punishment.

There are more than 4,000,000 alcoholics in the United States. The disease does not respond to self pity. Even before the days of Christ, drunkenness had become a menace.

Man is incurably religious and for that reason, alcoholics are lead to Christ under proper influences.

Alcoholism is no respecter of persons. The high and the low, the rich and the poor are alike affected.

Fear is one of the greatest causes of alcoholism.

Rehabilitation is brought about through proper diet; through medical treatment; and by inducing the victim to drink water instead of liquor.

Admission of the presence of the disease, and the forming of a partnership with God are the first steps that AA brings before the victim.

AA operates without organization; no officers; no dues; no treasury; but a feeling of brotherhood of men and fatherhood of God.

In recent years about 125,000 men and women have been cured of alcoholism through the work of this organization.

The speaker closed with the appeal that this must be recognized as a public health program before greater strides toward its solution could be made.

Visitors were: Dan Sanders, Don Johnson, Mitchell Jones, J. R. Sharp, Jim Owen, Tom Beard, Bob Black, all of Canyon; Mr. and Mrs. Fred Foster of Dumas, A. J. Lunn, Leo Forrest, Norman Moore, all of Hereford; George Denton, Bob Foster, Jack Allen, Henry Hertner, Lowell Munday, Dr. J. H. Brown, all of Amarillo; W. D. Schneider of Kendallville, Ind.; Les Huddle of Walker, Minn.

Mr. and Mrs. C. M. Dowlen and Mrs. S. L. Robinson have returned from Sacramento, Calif., where they visited their sister Mrs. Arthur Neilson. While away they attended the wedding of their niece Miss Margaret Parson in Patterson, Calif.

Visitors in the home of Mr. and Mrs. W. H. Lewis over the weekend were Mr. and Mrs. W. P. Lewis, Wanda and Kenny, Mr. and Mrs. Alfred Lewis, Larry and Bonnie, Mr. and Mrs. G. A. Reynolds and Mrs. Gilmer of Albuquerque, and Mr. and Mrs. Elmer Reynolds of Hereford.

Six Teams Are Tied for 4th Place in Mens Bowling

The bowling in the Business Mens League last week narrowed the lead of City Barber Shop to seven games when they lost one to Fosters Insurance. Also the games last week brought six teams into a tie for fourth place. K. Service Station still holds the second position two games over Fosters, who are two games ahead of the six teams in fourth place.

The standings as of last weeks are:

1. City Barber Shop	818
2. K Service Station	606
3. Fosters Insurance	545
4. Buffalo Barber Shop	484
5. Ponds Insurance	484
6. Lions Club	484
7. S. W. P. S.	484
8. Vocational Aggies	481
9. Taylor & Sons	481
10. Johnsons Mens Wear	424
11. V. F. W.	363
12. Samuelsons Motors	333

The individual standings remained almost the same. Winston Evans topped the 170 mark with his 546 series. Carter fell off and dropped to third place. Don Schmidt took over second place with a 526 series giving him an average of 166, leading Carter by 34 pins.

There is still plenty of action to be seen at these league games. With nine more weeks remaining in the schedule, it is still any mans chance to top the league.

Sunday afternoon callers in the W. E. Tucker home were Mr. and Mrs. Worgan Burchfield and daughters of Amarillo and Mrs. Minnie Stevens of Canyon.

Mr. and Mrs. Grady Melton and son Larry Jo have moved to Level-land to make their home. Mr. Melton is employed with a construction company there.

WARREN'S

Ruth Fries and Wayland Carroll Were Wed Sat.

In a double ring ceremony on Saturday afternoon, March 24, Miss Ruth Fries, daughter of Mr. and Mrs. Ernest T. Fries of Haddonfield, N. J., became the bride of Wayland R. Carroll, son of Mrs. Milton Carroll of Izora, Texas. Rev. Mathison, pastor of the Baptist Church, read the service in the Baptist parsonage of Lampassas, Texas.

Miss Helen Jean Smith, niece of the groom, presented the nuptial prelude and traditional wedding marches at the piano. Easter lilies and arrangements of spring flowers decorated the room.

The bride's only attendant was her sister-in-law, Mrs. Earle E. Fries, who wore a navy blue suit with pink accessories and a pink rosebud corsage.

The bride was attired in a suit of pink gabardine complimented with navy accessories and a white orchid corsage.

For her daughter's wedding Mrs. Fries chose a street length dress of navy crepe with white accessories. Mrs. Carroll, mother of the groom, was attired in a street length dress of grey silk print with black accessories. Their corsages were of white roses.

After a brief wedding trip to Austin, the couple is at home at 1705 3rd Avenue.

Mrs. Carroll is a graduate of Olney High School, Philadelphia, Penn., and is secretary to Supt. E. A. Wooten at Canyon High School. Mr. Carroll, a graduate of Lampassas High School, attended John Tarleton Junior College and received his B. S. degree in agricultural education from Texas Tech at Lubbock. He is assistant agriculture teacher in Canyon High School.

FAIRVIEW 4-H GIRLS PLAN DRESSES FOR REVIEW

The Fairview 4-H girls met with Gracyne Devin on Thursday, March 15. President LaQuita Patterson conducted the meeting. Mickey Bryan, secretary, called roll and read the minutes. Mary Kate Denney and Camille McNeil were welcomed as new members.

Plans were made for a bingo party on April 14 at the schoolhouse. Miss Patterson discussed the patterns and materials the girls had selected for dresses and gave hints for the construction. Naomi Bryan was chosen to attend the 4-H council meeting in Canyon on March 17 with the president of the club.

Pecan pie a la mode and ice tea were served to Miss Lou Ella Patterson, Camille McNeil, Mary Kate Denney, Nan Earley Shipman, Billy, Naomi and Mickey Bryan, LaQuita and Patricia Patterson, Bernice Starker, visitor, and Mrs. Ora Evans, sponsor.

PARK H. D. CLUB MEETS IN FLYNN WINTERS HOME

The Park Home Demonstration Club met on March 22 in the home of Mrs. Flynn Winters for a regular meeting. The meeting was opened with a group of Easter hymns.

After the business session twelve of the ladies participated in an interesting program on Women of the Bible. Mrs. Geo. Colling presented important facts about cancer.

Easter refreshments were served to guests Mrs. Ray Green and daughter and Mrs. A. B. Ruggles and to members Mesdames Raymond Winters and baby Sherry Faye, Elmer Winters, G. A. Colling and son Wayne, Leonard Winters, Frank Simon, J. H. Bartlett, L. E. Hermesmyer, H. A. Simon, O. E. Wineiger and son, W. E. Sheets and son and the hostess.

Ivy and Al Walsh Head Vet Group to Appear Sunday p. m.

Five widely known personalities will appear in Canyon on Sunday evening, April 1, at 7:30 in the First Methodist Church in the interest of Veterans Hospital Program.

This unit will be headed by Ivy and Al Walsh, who have appeared on the ABC Studebaker Program. They have devoted their lives to taking enrichment and enjoyment to others. They sing solos and duets, accompanied by Ivy playing her Frontalini accordion.

Other members of the unit are the McGuire Sisters, recording and radio artists, who are making a great contribution to programs being presented in service camps and veterans hospitals in the name of the Protestant Church.

These artists are appearing in Canyon in the interest of Veterans Hospital Programs, now in its 5th year of continuous operation. This is a non-profit organization devoted to taking inspirational entertainment into the veterans hospitals and presenting bedside radios to the wounded men. The entire work is carried on in the name of, and on behalf of, the Protestant Church. The public is cordially invited to attend. Admission is free.

Most of us try to figure out how much money we are going to have coming in, and adjust our expenses accordingly.

The Legislature works just the opposite way.

It decides how much money it is going to appropriate for state spending for the forthcoming two years. Then it sets about raising that much cash.

Right now the Legislature is working on its appropriations bills. The Senate has passed one that provides \$169,066,723 for state operations. The House bill calls for expenditure of about \$163,000,000.

When the two houses get together and the appropriations are finally set, the Comptroller is going to say that there isn't that much money in the state treasury. So the Legislature will have to tax somebody to make up the difference.

That's because Texas is on a cash basis. We can't spend more than we have.

Estimates at the capitol are that the need will be for about \$108 million of new revenue. Where is the money coming from? That's the biggest problem the Legislature will have to answer.

You see, the Senators and Representatives get pulled and hauled in two directions.

First, there are the people who want the state to spend more money for a long list of things: roads, schools, public welfare, increased salaries for state workers, etc.

Then, there are the people who don't want their taxes increased—and nearly everybody is included in that list.

But it necessarily follows that if you like hike spending, then you've got to increase taxes correspondingly if you're going to stay on a cash basis.

So you see that a Legislator has his problems.

A lot of Texans think that there ought to be some changes in the state's election laws. You remember the controversy over Jim Wells County's vote when Lyndon B. Johnson defeated Coke Stevenson for the U. S. Senate.

That incident was quoted by Henry Zweifel of Fort Worth, national Republican committeeman for Texas, who expressed himself as being in favor of a change in the law.

J. E. Wheat of Woodville, state Democratic executive committee chairman, agreed that a higher authority should have the power to investigate when the local officials fail to act.

So the two parties — or their spokesmen — are agreed.

There is a bill in the House that would give the state attorney general authority to investigate suspected fraud cases and to prosecute if proof of fraud is found.

Two years ago, the Legislature appropriated \$5 million for soil conservation. Warrants have now been issued for the expenditure of all this money.

The program will continue, however, and there is an item in the present appropriation bills for \$126,580 for the Soil Conservation Board.

This Board will supervise the soil conservation program and direct the use of equipment which was purchased with part of the original appropriation.

Third Annual Hobby Show Will Be Put On at Hereford

Members of the La Plata Study Club of Hereford are inviting entries from interested persons throughout the area for their third annual hobby show to be held at Hotel Jim Hill on April 7. Proceeds from the show will benefit the Deaf Smith County hospital nursery fund, according to Mrs. Urlin Streu, general chairman.

For the first time in the show's

history, cash prizes are to be awarded in all competitive divisions. Exhibits by craft teachers and others who profit from their hobby sales will be placed in the non-competitive class.

Rules for the annual event are: 1. A fee of \$1 will be charged for each entry in the collective and creative classes; fee for entry in the commercial class is \$5.

2. The entry blank, or a facsimile, must be in the hands of the committee not later than April 1, 1951.

3. Blanks should be mailed or delivered to Mrs. Emil Dettman, 218 Ave. B., Hereford.

4. Hobby entries should be delivered to Hotel Jim Hill banquet room not later than 10 o'clock on Saturday, April 7.

5. Entries are to be set up by the exhibitor.

6. Entries will be classified in three classes: 1. creative, 2. collective, and 3. non-competitive. Classes one and two will be divided into junior (through junior high school), and senior (high school and adult) divisions.

7. Exhibitors will remove their entries from the hotel at the end of the show on Saturday night at 9 o'clock.

8. Entries will be judged by out-of-town judges.

9. Cash awards will be made in all competitive divisions.

10. The club will not be responsible for loss or breakage.

The entry blank appears on another page of this paper.

Spread Contagious Diseases One of Problems of State

Speaking of the precautions that should be taken in households during and at the close of an illness from any of the "catching" diseases, which are prevalent at all seasons, Dr. Geo. W. Cox, State Health Officer, said recently: "Any plan for the prevention or control of this sort, depends upon the intelligent cooperation of individuals and communities with the medical pro-

fession and the health authorities for its success.

"Those who are in charge of persons suffering from influenza, pneumonia, tuberculosis, scarlet fever, measles, infantile paralysis or any other of the diseases spread by discharges from the nose or throat, are warned that these discharges are sources of great danger, and are urged to have the patient use paper handkerchiefs or soft cheese-cloth, that can be disinfected or burned or otherwise safely disposed of."

"The sterilization of dishes and utensils used in the sick room, by boiling after each use of them, and of the patient's clothing, sheets, towels, and pillow cases, are equally necessary. Then, at the close of the illness, a thorough cleaning of the room, bedding and personal belongings of the patient, scrubbing the floors and woodwork, and opening the place to the fresh air and sunlight, are urged as a final precautionary measure."

"Fortunately, the best disinfectants yet discovered are within reach of everybody. They are plenty of hot water and soap, fresh air and sunshine."

Texas Prosecutors To Look Into the State Criminal Laws

Attorney General Price Daniel has called a meeting of the state's 315 prosecuting attorneys to consider means of waging a more vigorous fight against organized crime in Texas.

"In addition to stamping out the organized gambling which now exists, Texas should let the world know that it will not tolerate entry into this state of the gamblers and racketeers who are now being run out of other states by exposures of the Kefauver crime investigating committee," Daniel said.

"I know of no group which can sound the warning and back it up better than the county and district attorneys acting in cooperation with their local law enforcement officers," he continued.

The meeting, to be held in Austin March 30-31, will be patterned after a national conference called last year by the Attorney General of the United States at the request of the state attorneys general.

Speakers will include Fred Meredith, chairman of the House Committee charged with investigating organized crime in Texas, Col. Homer Garrison, director of the Department of Public Safety, Bill Decker of Dallas, president of the Texas Sheriff's Association, Carl F. Hanson, president of the Texas Police Association, and Bill Hauck, president of the Texas Constables Association.

"Since the race-horse bookie wire was ousted by court injunction, Texas has fewer tie-ups with the national gambling syndicates than any of the larger states, but outside gambling interests have made definite attempts to enter the state in recent months and they will do so again if we do not take preventive action immediately," the attorney general said.

Daniel said, "Recent bomb killings aimed at Fort Worth and Dallas gamblers and charges of corruption of local officials by gambling interests in other areas indicate that the situation is already bad enough to be of statewide concern."

Mao Tse-tung, China's Communist ruler, will have to agree to accept defeat of his effort to conquer Korea before this country will agree to a cease-fire and truce in the present war. Mao has taken a beating and won't be allowed to convince people of Asia that he won a victory.

INDIAN POISON

Curare Saves Many Lives

NEW YORK, N.Y.—When Europeans first came to the continent of South America they found the Indians in the jungles of the Amazon using a black, pungent sirup on their arrow tips. Explorers brought back tales of the poisoned arrows, so lethal that a mere scratch was said to bring certain death.

Now, thanks to a recent discovery based upon the Indian jungle brew, science has a new and wonderful drug—curare.

Until recent years, one of the great hazards of surgery was the frequent ill effect of anesthesia. The administration of deep anesthesia often caused postoperative complications, nausea, shock, depression, heart strain. Surgeons thus have always preferred to avoid deep anesthesia.

It Relaxes Muscles

Unfortunately, it was necessary for one simple reason: Although unconscious under lighter anesthesia, the patient remained rigid—so tense that, for example, surgeons could scarcely pass the barrier of rigid muscles in the abdominal cavity until deep anesthesia had relaxed those muscles.

Now, thanks to curare, deep anesthesia is far less frequently necessary.

Today, curare, used in conjunction with cyclopropane, ether or other anesthetics is found in operating rooms around the world. Injected immediately after the patient loses consciousness, a proper dosage of curare completely relaxes muscles except those controlling respiration and heart action.

The patient sleeps peacefully but lightly while his relaxed body permits the surgeon to make an incision of minimum size and manipulate muscles without resistance.

In its crude form curare had been used by South American Indians on their blowgun darts to kill small animals and birds. It simply relaxed their breathing muscles to the point where the creatures suffocated.

Explorers Find Drug

The first explorers of South America made the acquaintance of the drug in a somewhat disagreeable manner. They were exposed to its effects on the tips of darts and arrows aimed at them by inhospitable Indians. However, the explorers were fascinated by what they saw of the substance and took considerable pains to find out about it.

Sir Walter Raleigh is credited with bringing to Europe the first specimen of curare in 1595. The substance aroused considerable interest among the contemporary men of science, but they had little of it and they were unable to learn much either as to its composition or its action.

Chief use of curare today is as an aid in surgery, but it is proving useful in a growing number of other fields. In general, it may be said that curare is useful in any situation where relaxed muscles are desired.

Many doctors find curare of use in the management of polio. Curare does not cure polio, or fight the virus which causes it. But during early stages of the disease, while the body itself is building resistance, permanent crippling can often be prevented by physical therapy. Curare may be used to relax the spasm in the affected muscles and thus to make possible their manipulation without causing unbearable pain.

Tallest Building's Bomb Plans Set, Officials Say

NEW YORK—The Empire State building is ready to cope with any bombing.

Officials of the world's tallest building reported means of caring for the 18,000 tenants and 22,000 transients in the 37,000,000-cubic-foot structure in an aerial attack have been established. They reported 86 internal shelters have been set up.

An intramural alarm system has been installed and an auxiliary telephone system will be set up in case 17,000,000 feet of fire are knocked out.

The building has its own water-purifying plant and a reserve of 25,000 gallons. Four fire trucks, small enough to fit into any of the building's 75 elevators, and two emergency trucks are available.

Officials said up to 80,000 persons could be handled in the building in an emergency, with disaster plans in full swing within five minutes after an alarm is sounded.

TV Program Has Ominous Omen for Card Player

MICHIGAN CITY, Ind.—The television show that Tony Thomas watched as he was playing cards with friends had an ominous omen.

An actor in the show drew a card from a deck. It was the ace of spades and he made a remark about it being "the card of death."

Then there was a deal in the game in which Thomas was playing and he drew the ace of spades. He cast it aside, saying: "I don't want that death card."

The game ended and Thomas, 30, started home in his car. The car collided with a truck and he was killed.

STOP AND THINK!

Are you a continual "griper"? Perhaps if you are, you do not realize it, but you do know how unpleasant it is to be around one. Besides getting on your nerves, they practically ruin all the pleasant things that happen to come along.

Take choir for instance. Let's say that you are really in the mood for singing when you enter class. Then the boy who sits behind you starts to "gripe" about the songs and you're not in the mood to sing anymore.

When you stop and think about going to school, you will realize that you are here to learn, not just to have fun. When teachers give assignments to you, don't think that they are just doing it to be "mean."

That seems a rather childish thing to think. Get your lessons without complaining for a change. After all, they are for your benefit.

If instead of "gripping" about things that you do not like, you would do something about them, things would be much more pleasant for you and everyone about you!

ARE YOU GUILTY?

Prevailing among the bad habits or nearly everyone is borrowing, and the students of CHS are no exception. Some students never bother to buy paper or other school needs; they borrow all their need. No one lending a sheet of paper once in a while, but every day to the same student is too much to ask of anyone. Thoughtlessness, a failure to recognize the expense and inconvenience of the lender, and just plain laziness are the most common reasons for borrowing. Each day a number of students call upon a fellow student to furnish equipment they could have bought themselves.

Not everyone is guilty, but a few are. This is just a gentle hint "Don't borrow unless it is absolutely necessary."

Dating Data

Question. How far ahead should a boy ask for a date?

Answer. For regular Saturday night movie dates, two to three days is sufficient notice; for informal parties, ask at least three days in advance and if possible, a week. If it is a formal dance, three or four weeks is necessary.

A tip to both parties: please, please don't be rude by asking three or four months in advance. It may cause hard feelings and no little trouble.

FOURTH GRADE VISITS GLOBE-NEWS

In connection with our language arts program, we are planning to write a small newspaper concerning things of interest to the Fourth Grade during the year. In preparation for this project the West Texas Elementary School Fourth Grade visited the Amarillo Globe-News Plant and Elwood Park Friday, March, 1951.

We left Canyon at 9:30 and arrived at the Globe-News at 10:00 in the morning. Alfred R. Lovallier, a reporter, showed us around. We saw a white albino duck, mounted in Mr. Tack's office. It was a pretty office. It had curtains at the windows, a desk, chairs, and a sofa.

They had micro-film of newspapers for the last two years. The other places we saw were the photographic department, the composing room, the snack bar, and advertising room, etc.

Mr. Lovallier showed us the paper rolls. He said that they weighed 2,000 pounds, and he said that they used about eight rolls each printing.

We saw the presses running. They made a lot of noise.

Future Farmers Round-Up in April

Delegate to the State convention will be elected during the Future Farmers Area round-up, April 21, here in Canyon. Acceptance of those candidates approved for the State Farmer degree will be made.

To be eligible for the State Farmer degree, the candidate must have earned the Chapter Farmer degree and participated in agriculture actively for two years. He must have completed a program in supervised farming, earning and depositing a minimum of \$250.

Each contestant should be familiar with the Constitution of the State Association and the National Organization. He is required to lead group discussion for forty minutes and pass an occupational test.

Demonstrating proficiency in parliamentary procedure, candidates are judged on leadership, cooperation, chapter and community activities, scholarship, and participation in community improvement and development of agriculture.

Written records of achievement verified by the local advisor are submitted to the State advisor and final briefs are sent to the area convention for the final decisions. Only two per cent of the area organization is eligible for the degrees. Each member selected will receive a certificate and a gold emblem.

Using the boys project programs as demonstration animals, the agriculture teachers will present a program on commercial cattle grading. Some forty instructors from area eleven plan to attend this spring round-up.

Choir Practices For Contest

Have you heard? Canyon High School has a new choir!

There has been a choir before, but so many new voices have been added that it sounds completely different.

In preparation for the choir contest at West Texas State College, April 13 and 14, the choir has been working on three special numbers — "What Are These," "The Forty-Eighth Psalm," and "Sweet Betsy From Pike."

"What Are These" is from Revelations 7:13-14. "The Forty-Eighth Psalm" is taken from Psalm 48. "Sweet Betsy From Pike" is a song that was sung by the pioneers following the trails to California in the gold rush of 1849.

Besides the contest the choir will present programs to the Lion and Rotary Clubs, an assembly, and the spring concert.

At present 58 students, under the direction of Mrs. Tom Sifert, are taking part in the choir program.

"First Impression" Poll Reveals

What do you first notice about fellow classmates that makes the most favorable impression on you? This question was asked dozens of CHS students to help them become an ideal boy or girl. Here are the results of that poll.

Canyon High's men first notice a girl's taste in clothing, because they like for her to be attractive and neat. Friendliness, good posture, and a pretty smile are also judged essential for "that girl you would like to know better."

Fellows, neatness in appearance ranks first with girls at CHS. If a boy is not neat and clean he never gets a second approving glance. Rating second on the girl's score cards were friendliness, and the expression in the boy's eyes. But as one lass blithely put it, "What do I notice about a boy, why, if he notices me!"

Newman Drills CHS Bandsters

Wednesday, March 21, CHS band students were excused from morning classes to attend a marching clinic at West Texas State College.

Mr. M. J. Newman, director of the Buffalo Band, drilled the band on such stationary commands as to the right, left and about face movements.

Special emphasis was placed upon falling in and out of formation, forward march, halt, decrease and increase front, column left and column right, and the folding counter-march.

Before drill, Mr. Newman gave lectures on execution of the commands.

The band is preparing to enter the marching and concert contests at WTSC on April 27.

Refreshments were enjoyed at senior play practice each night. Different cast members volunteered to treat the cast, directors, and sponsors.

Love betters what is best. Even here below, but more in heaven above. — Wadsworth.

Speech Play Thrills Audience

"The Perfect Gentleman," a one act play, was presented in assembly, Tuesday, March 20, by the Canyon High speech class.

This play is entered in the Interscholastic League District Contest, which is to be held March 30. Competing with the five schools in this district, Canyon will act before the Interscholastic League judges on that date.

Margaret Elaine and Alicia have quite a struggle trying to reform Bob and make a perfect gentleman of him. Mr. Crawford comes to dinner and Mrs. Ames is quite upset when things begin to happen.

Setting of the play is in the Ames' living room just before dinner hour.

Students of the speech class make up the cast. They are: Linda Dooley, Margaret Elaine, Teddy Bynum, Alicia; Eugene Hill, Bob; Mary Mae Peppard, Mrs. Ames; Larry Prater, Mr. Crawford.

Mary Anne Sloan and Charles Mobley are student directors while Cecil Boykin is director of the production.

1950-51 Brings Many Trophies

The 1950-51 school year has been a prolific producer of sports trophies for Canyon High, and the student body is justly proud of its teams.

Canyon High Eagles, known throughout Texas as the team which entered the state basketball tournament two years in a row, have brought to CHS a first place trophy from the Region 1-A tournament and from the Happy tourney. Runner-up awards were received in the District 1-A and Claude competitions.

The Eaglettes have presented to the school runner-up trophies from Tulla, District, and Regional tournaments; the Junior boys won a first place award in the Bovina tournament.

No More Annual Work!

At last — no more glue all over clothes. No more rushing about begging for pictures. No more blown hair from watching football, track, and FFA pictures made. No more after school hours. No more fussing for the typewriter. No more — what am I saying?! The annual is finished, complete. The staff enjoyed working together in spite of all said. The thrill of a job well done belongs to each member of the staff and Mrs. Gilmore who did such a wonderful job working as sponsor.

The art of pasting pictures wasn't the only art learned in Room 31 the sixth period. The group learned to work together as a team. Each member enjoyed every day's work.

Why should he kill the best of passions, love? It aids the hero, bids ambition rise To nobler heights, inspires immortal deeds. Even softens brutes, and adds a grace to virtue. — Thompson.

Change Your Tractor To Butane Now

HERE'S WHY!!

A true gas, such as L-P GAS, burns completely, leaving no "lacquer" deposits.

Oil dilution cannot occur with L-P GAS which is a "dry" gas. There is no liquid to "wash" lubrication oil from the cylinder walls and piston rings. Oil consumption is greatly reduced.

Less cylinder wear and longer bearing life may be expected when carbon deposits and oil dilution are reduced.

Quick starting, without "liquid" choking, is realized because there is always sufficient "dry" gas to "warm up" the engine.

More payload, maintained speeds, better mileage, no oil dilution, no carbon, no sticky piston rings or valves, and lower overall maintenance costs are the outstanding reasons—WHY L-P GAS?

L-P GAS costs less per gallon than regular gasoline.

24th Annual Dairy Show Will Be Held in Plainview Soon

The nation's oldest dairy exposition, the Panhandle-Plains Dairy Show, now in its 24th consecutive year, will open on April 7 in Plainview.

A major addition to this year's event is the inclusion of the Brown Swiss breed. Show officials are expecting 50 head of choice cattle in this division. Other breeds represented in the show are Guernsey, Jersey, Holstein, and Milking Shorthorn.

The show is open to breeds in the states of Texas, New Mexico, and Oklahoma, and a general registration of over 500 head of cattle is expected. Unique in many respects, the Panhandle-Plains Dairy Show facilities is one of the few in the nation in which each stall is equipped with vacuum milking facilities.

The president of the 1951 Panhandle-Plains Dairy Show is Leo Witkowski, Farmer-Dairymen of Happy. The dates of the show are April 7 - 13.

Ann Crawford Becomes Bride of Howard Smith in Church Service

MR. AND MRS. WILLIAM HOWARD SMITH

Wedding vows for Miss Ann Crawford and William Howard Smith of Levelland were solemnized in a double ring ceremony read by Dr. Roy L. Johnson in the First Baptist Church on Thursday evening, March 22. The bride is the daughter of Mr. and Mrs. L. H. Crawford of Canyon; the groom's parents are Mr. and Mrs. O. R. Smith of Big Spring, Texas.

Organist Ruth Ann Soll played "Theme" from Tchaikowsky's Piano Concerto in B flat Minor, "White Orchids" by Cooke, "Poeme" by Fribich, and "Traumerei" by Schumann preceding the ceremony and "Indian Love Call" by Primi during the lighting of the candles. Miss Soll accompanied Miss Betty Graham as she sang "Always" by Berlin. "I Love You Truly" by Jacobs-Bond, "Because" by d'Hardelot before the ceremony and "The Wedding Prayer" by Dunlap after the benediction. "Clair De Lune" was played during the exchange of vows.

Vows were read before an arch formed with candelabra entwined with lemon leaves and white satin ribbon against the choir rail draped in white satin. Single candelabra and baskets of Picardy gladioli flanked the arch.

Candlelighters and bridesmaids Miss Billie Marie Money and Miss Alice Ruth Carr of Friona, college roommate of the bride, wore floor length dresses of nylon net over white taffeta. The dresses of aqua and lemon yellow, respectively, were styled with shirred bodices and bouffant skirts with stoles and headaddresses of matching net. Their nosegays of white gladioli were tied with ribbon the color of their dresses. Maid of honor Miss Sallie Womble of Hereford, also a former roommate of the bride, wore a floor length dress of sunset pink nylon net over white taffeta styled like the bridesmaid's dresses. Her nosegay of white gladioli was tied with azalea ribbon.

J. C. Henderson of Dimmitt was best man; Gerald Horrell of Vega and W. Mitchell Jones Jr. of Canyon served as ushers.

Given in marriage by her father, the bride wore a gown of white organza over taffeta. Large lace medallions adorned the shoulders and waistline of the fully gathered skirt. Tiny crystal beads decorated the lace, the scalloped collar and sleeves and the matching headdress from which fell the fingertip veil of nylon net. Her bouquet was of pure white Easter lilies.

For her daughter's wedding Mrs. Crawford wore a street length dress of navy blue with matching and pink accessories. Her corsage was of pink carnations. The groom's mother chose a street length dress of navy blue with matching and white accessories and a corsage of white carnations.

At the reception held in the church parlor immediately following the ceremony, the bride's bouquet centered the table laid with a white satin cloth. The three tiered wedding cake was decorated with cherubs and topped with the traditional bride and groom statuettes. Assisting at the reception were Mesdames T. C. Gooch, Charles Harter, Roy L. Johnson, Truett Smith and Baker Womble. Miss Lila Lill presided at the guest book.

For a brief trip to New Mexico the bride traveled in a tailored suit of navy wool with matching and pink accessories. Her corsage was of gardenias.

Mr. Smith is a graduate of Knott High School, attended Hardin-Simmons University at Abilene 1 year, served in the Army 1½ years and received his B. S. Degree from West Texas State in January, 1951. In school he was a member of the Baptist Student Union Executive Council and Alpha Phi Omega, a national service fraternity. Mr. Smith is teaching industrial arts and history in Levelland Junior High School.

Out-of-town relatives attending the wedding were the groom's parents, Mr. and Mrs. O. R. Smith, his sisters — Mrs. Thurlio Grissam and son, Mr. and Mrs. Elgin Jones and Martha Ann, Mr. and Mrs. Robert Smith and Davin of Big Spring; his brother Norris Smith of Hermleigh; Relatives of the bride present were Hon. Fred I. Crawford of Washington, D. C., Mr. and Mrs. D. B. Kirk of Spearman, Mr. and Mrs. C. W. Stowell and Dibrell of Pampa, Mr. and Mrs. C. J. Crawford and Dick Shotwell of Abilene, Mr. and Mrs. Lloyd Wenken, Beth and Judy of Morton.

Betty Phillips Robert Moody Will Wed in June

Mr. and Mrs. Frank R. Phillips are announcing the engagement and approaching marriage of their daughter, Betty Jane, to Robert William Moody of Salt Lake City, Utah. The wedding will be held on June 20 in Memorial Chapel on the West Texas campus.

The bride-elect is a teacher in the department of Home Economics at the University of Illinois. A graduate of West Texas State, she received her master's degree and administrative internship for dietitians at Texas State College for Women, Denton. She also has attended Teachers College, Columbia University.

Mr. Moody is the son of Mrs. Cyril Allen of Salt Lake. He is a graduate of the University of Utah and has done graduate work there. The couple will live in Salt Lake where Mr. Moody is employed as an electrical engineer with Utah Power and Light.

An inquisitive visitor in a small village began questioning a native. He wanted to know everything about the community, its elevation above sea level, politics, religious tendencies, bank clearances, and so on. Finally he asked: "What is the death rate in this town." To which the somewhat bored native replied: "About one to a person."

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

We are travellers on the way. We want to arrive. We want good directions; we have not been this way before; we shall go on the path but once. How important, then, that we follow the right directions! Serious men have been crying through the centuries, "*Which way shall I take?*" Here is a man who has found it. Listen, look, read, with Him.

It's an old guide book and a good one. Its commands come with the authority of Heaven to earth, of God to man, of eternity to time. Centuries of human experience have declared them right. Your own soul recognizes their right to control. Be quiet and know the good and the true and the right. *Hear the challenge!*

Thou shalt worship! Our neighbors and family command, "Thou shalt work"; more important still is the ancient and imperious word, "Thou shalt worship the Lord thy God." *Thou shalt keep the Sabbath!* Be sure that you hold something sacred; some place, some time, some Person. Else all life becomes common, that is, secular or vulgar. *Thou shalt honor!* Whom shall we honor? Answer: the people nearest and dearest to you, the everyday folks with whom you live, and to whom you owe so much. *Thou shalt not murder!* But also, "*Thou shalt not hate thy brother.*" *Thou shalt not commit adultery!* But also, "*Thou shalt not lust,*" since the evil desire comes first. *Thou shalt not steal!* But also, *thou shalt not covet* or desire what belongs to another.

Aren't you glad for these clear clarion calls to conscience? Have you come to the place where you change the wording and say, "*I must?*" I must worship; I must keep holy days; I must honor my parents; I must be clean of thought and purpose. Change the second person to the first; "thou" to "I". God's commandments become my commandments, God's way becomes my way... "*it says right here.*"

DEBT TO SUN

Sun Drags Earth Along

STARKVILLE, Miss.—"If we had to pay for the energy we get from the sun at present power rates, our bill would keep mounting at the rate of \$60 billion a minute," John DeMarche, noted physicist, reported recently.

Professor DeMarche, a physics instructor at Mississippi State College, said although the sun exerts a tremendous influence on the world, only 1/2,000,000,000th of its energy ever reaches the earth.

And if some inter-planetary disturbance should cut off this supply of sunlight, the professor said the earth would become a lifeless planet encased in frozen atmosphere.

Once the earth passed the outer reaches of the sun's orbit, the atmosphere would lose its moisture, until finally it became a cold solid surrounding a frigid and barren earth, he said.

However, there is little possibility that a disturbance would shake the world loose from the sun's grip.

Sun Is a Star

He said the earth is held to the sun by a force equal to a round steel rod some 3,000 miles in diameter. That would cover the United States from coast to coast and reach from the southern part of Canada down to the Gulf of Mexico.

The sun, as we call it, is actually a star. And it's not the biggest star by a long shot. There is one known star which is 2,700 times as large, and a number of them are 1,300 times as large.

"At least one star is known to give more than 400,000 times as much light as does the sun," Professor DeMarche said. "However, there are stars so dim that 500,000 of them would be required to shed as much light as does the sun."

The light received from the sun is equivalent to that from 600,000 full moons, or 50 billion of the brightest stars.

Sun Drags the Earth

All of this light and energy, he said, comes from matter changing into radioactive energy, not from simple chemical combustion.

All the stars are rushing through space, and the sun is travelling toward the star Vega at 12 miles per second, or 43,200 miles an hour. The rest of the solar system, including the earth, is dragged along with the sun.

"It is possible that the solar system will sometime strike denser interstellar materials which will cause the earth to fuse with the sun," he said. "Some stars periodically pulsate with great surges of energy. Such an explosion of the sun would certainly annihilate the earth."

As for the energy the earth has received from the sun, it would run into quite a figure if the payment had to cover all back energy. Preserved and recorded in rocks is an unmistakable record of over a billion years of continuous sunshine.

\$19,000 Bank Error Nets Poor Family Big Christmas

HOUSTON, Tex.—Bob Baker, 25, his wife and two children faced a bleak Christmas until a Houston bank made a \$19,000 mistake. Bob's spending spree is over now, but it was a good thing while it lasted.

The unemployed painter's bank account was down to \$15.73. Christmas was on hand and he didn't have enough to give them a Christmas present.

Then his bank statement arrived. It showed a balance of \$19,015.73. He called the bank and they said his balance was \$19,015.73.

"Sure, I knew it was a mistake," he said after the bank had found its error. "I knew they might catch me. But I stood right there and made up my mind I was going to pay some bills. And when I looked at my kids—well, I knew there was going to be a real Christmas in the Baker house."

He had spent \$4,000 of the account when the error was detected. He arranged to return \$15,000 in cash and an automobile he had paid \$2,000 down on. The rest he will repay at \$50 a month.

The bank said it would not press charges against Baker. Besides, attorneys were perplexed, they knew of no law to cover such a case.

Meanwhile, Rickey Baker, 5, has a new tricycle and other glittering toys. Phyllis, 2, has a new doll and heaps of other gifts and Mr. and Mrs. Baker have some new clothes.

Trapped by Fire, Family Caught by One-Legged Man

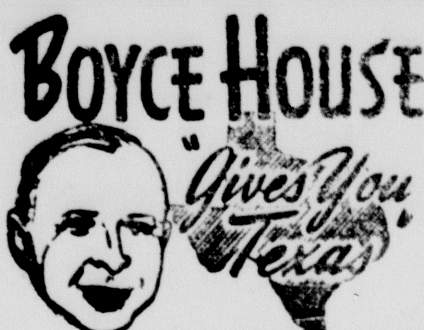

MANCHESTER, England—Joseph E. Rushton, 41, who is only able to move about with the aid of a peg leg and crutches, recently saved his wife and two children from burning to death when their home caught fire.

Rushton was awakened by the crackling of flames. He first crept into the basement and turned off the gas.

Then he stood outside the bedroom, braced himself on his crutches, and deftly fielded his children—Christine, 2, and Irene, 3—as his wife dropped them out a window.

Finally he caught his wife and hobbled away to turn in a fire alarm.

Niemöller says Germans deny rearming means peace.

It may not be generally known that the United States played an important and an active part in the Texans' fight for their independence from Mexico. United States troops did not fight in the battle of San Jacinto but nevertheless they helped to make that victory possible. Here is how:

General Edmund P. Gaines was in command of the southwestern military division of the United States. He was strongly sympathetic to the cause of Texas. His instructions were not to advance beyond American territory unless — and this is the important point — unless Indians were used in warfare on the border.

But if the Indians engaged in the war against Texas, then he could cross the Sabine River, which was the boundary between the United States and Texas.

It was part of the strategy of Mexico to enlist the aid of the Indians against the Texans. Thus while Sam Houston was facing the Mexican armies, which were greatly superior to his own in numbers and in equipment, the savages were to attack Texas from the rear. Such a plan might well have proved fatal to the hopes of the Texans for winning their fight for independence.

And this is where General Gaines stepped in. He received word of the warlike attitude of the Indians and a report came that they were planning to combine. He sent Lieutenant Bonnell to the villages of the Caddoes and he found that Manuel Flores, a Mexican agent, had been among them, trying to induce them to declare war on Texas. Gaines advanced with 14 companies to the Sabine and made requisitions on the governors of Tennessee, Mississippi and Louisiana for a brigade each of volunteers and on Alabama for a battalion.

From the Texas commander of the militia at Nacogdoches, General Gaines had received a message, which reached him in the night of April 13 (this was four days before the battle of San Jacinto) that at 1,500 Indians and a thousand mounted Mexicans had massed about 60 miles from Nacogdoches. The General further was advised that there were at least 300 families between the Trinity and the Neches who would fall into the hands of this force.

Then it was that he called for the large force of volunteers from the four Southern states and took his position on the western edge of the Neutral Ground, as the strip between Louisiana and Texas was known.

This impending intervention by the United States army stayed the hands of the savages — and when the news came of the Texans' victory at San Jacinto, the Indians were ready to side with Texas.

Even so, before dispersing, part of this redskin army did commit one act of butchery — an attack on Fort Parker. The few men at the fort were killed and some of the women and children were carried away. Among the prisoners was little Cynthia Ann Parker, who grew up, married a chief and was the mother of Quanah Parker, last chief of the Comanches.

But back to the aid that the

American army gave just by standing by:

Andrew Jackson was President then and Old Hickory himself told the ambassador of Mexico, "I have ordered General Gaines to a position favorable to a speedy execution of the boundary treaty" — which meant that Mexican forces were not to enter American territory — "and" (said Jackson) to prevent interference with the Indians."

Without having to worry about the possibility that the savages would strike, Sam Houston was able to turn his full attention to Santa Anna — and everybody knows how well Old Sam carried out the assignment.

Deceased Veteran Families To Get Social Security

The families of deceased veterans, including those who died in service, may be entitled to increased benefits under the 1950 amendments to the Social Security Act, according to John R. Sanderson, manager of the Amarillo office of the Social Security Administration.

The new law provides a social security wage credit of \$160 for each month of military service during World War II. These credits are given to all servicemen whether they have social security numbers or not and regardless of their past employment.

Widows and children of servicemen may be entitled to benefits until the children become 18. The children may qualify even though the widow has remarried. Parents who were chiefly dependent on the servicemen may also qualify for benefits in some instances.

It is not necessary that a living veteran take any action to get credit FOR his military service. The families of deceased servicemen or veterans should contact the Amarillo social security office if they have not done so. Proof of chief dependency of a parent of a serviceman or veteran who died prior to July, 1949, must be filed before July 1, 1951. For deaths occurring later, such proof must be filed before the second anniversary of the death.

Widows and children may also lose some monthly benefits if their claims are not filed prior to April 1, 1951, because a claim cannot be effective for more than six months before the date of filing.

U. S. military planners are veering around toward the idea of recruiting a large foreign legion for service as part of the U. S. Army. At present, a foreign contingent of volunteer is limited to 2,500 men.

Years ahead!
